

# The European Green Deal.

Striving to be the world's first **Climate Neutral** Continent

# Global warming: future projection

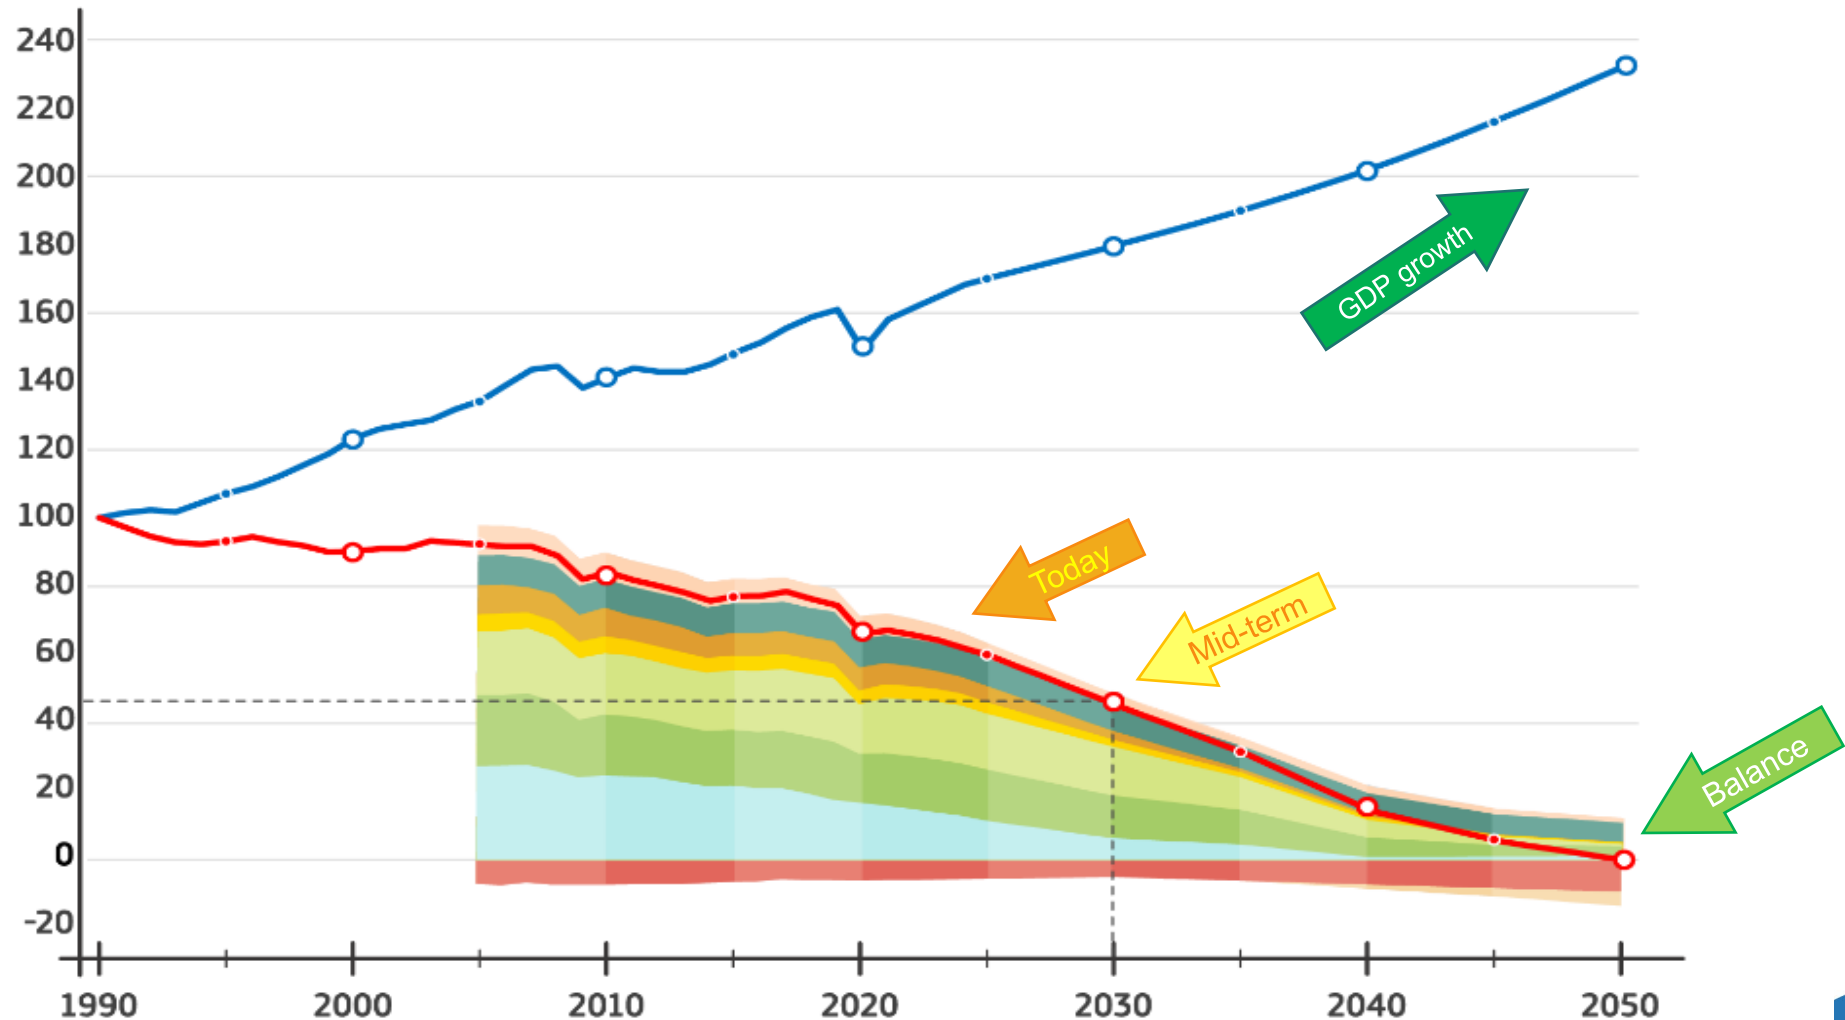

Source: IPCC AR6 Synthesis Report

# EU climate ambition for 2030 & 2050

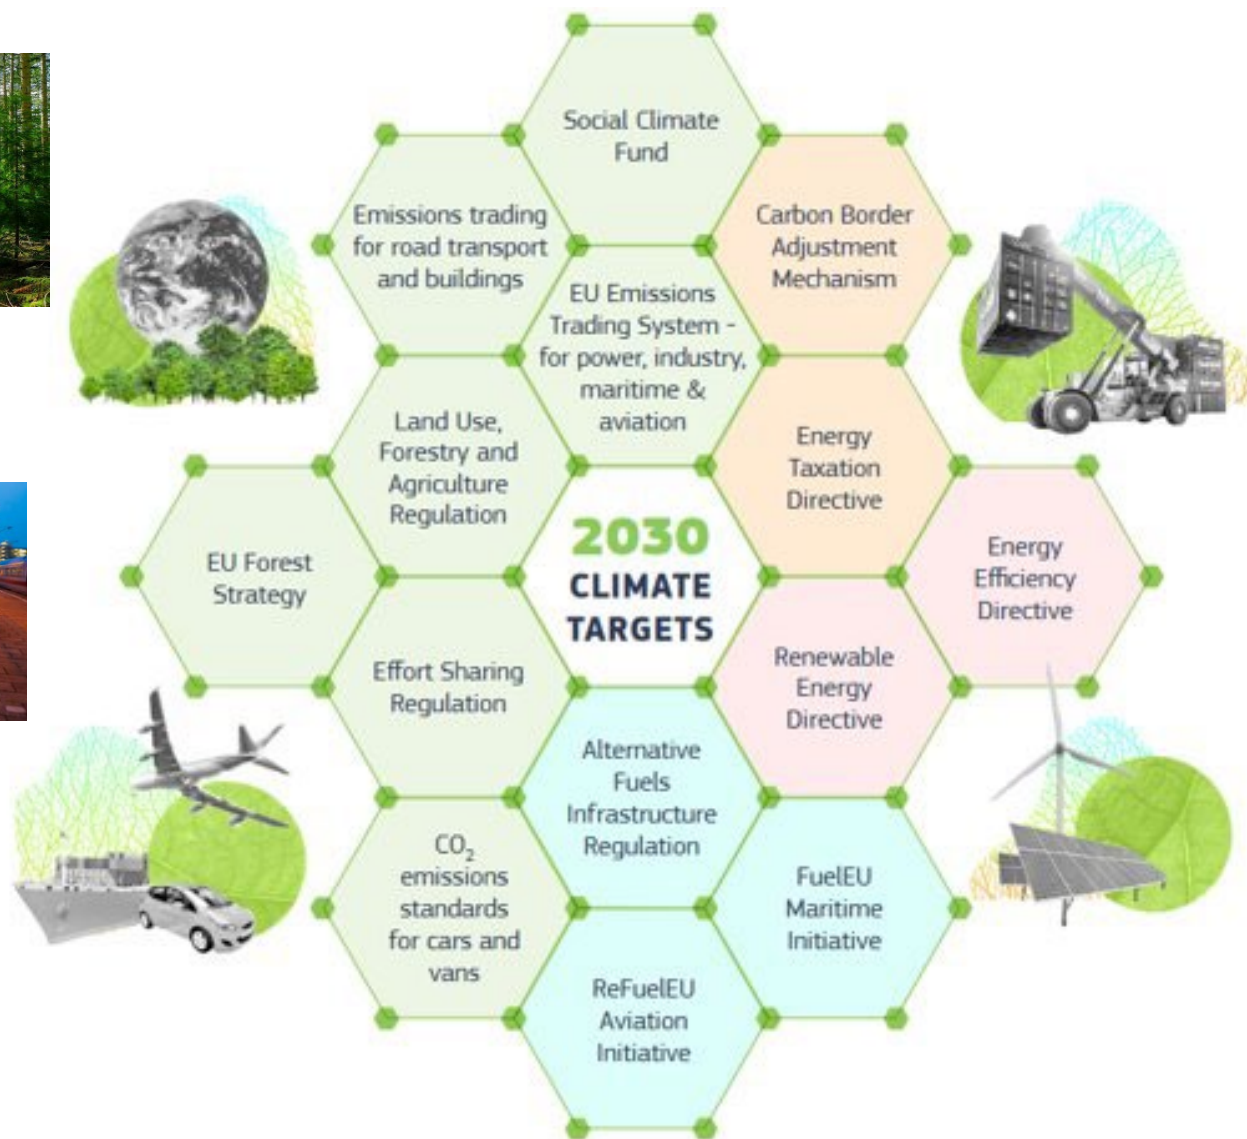

- The EU adopted the **European Climate Law** on 30 June 2021
- Union-wide **climate-neutrality** objective for **2050**
- New **2030** target of at **least 55% net greenhouse gas emissions reduction**
- Recognition of the need to enhance the EU's **carbon sink**

# The EU's pathway to sustained economic prosperity and climate neutrality

# Road to 2030: Fit for 55 Package

# Building resilience – EU Adaptation Strategy

**Vision:** by 2050 the EU will be a **climate-resilient society**, fully adapted to the unavoidable impacts of climate change

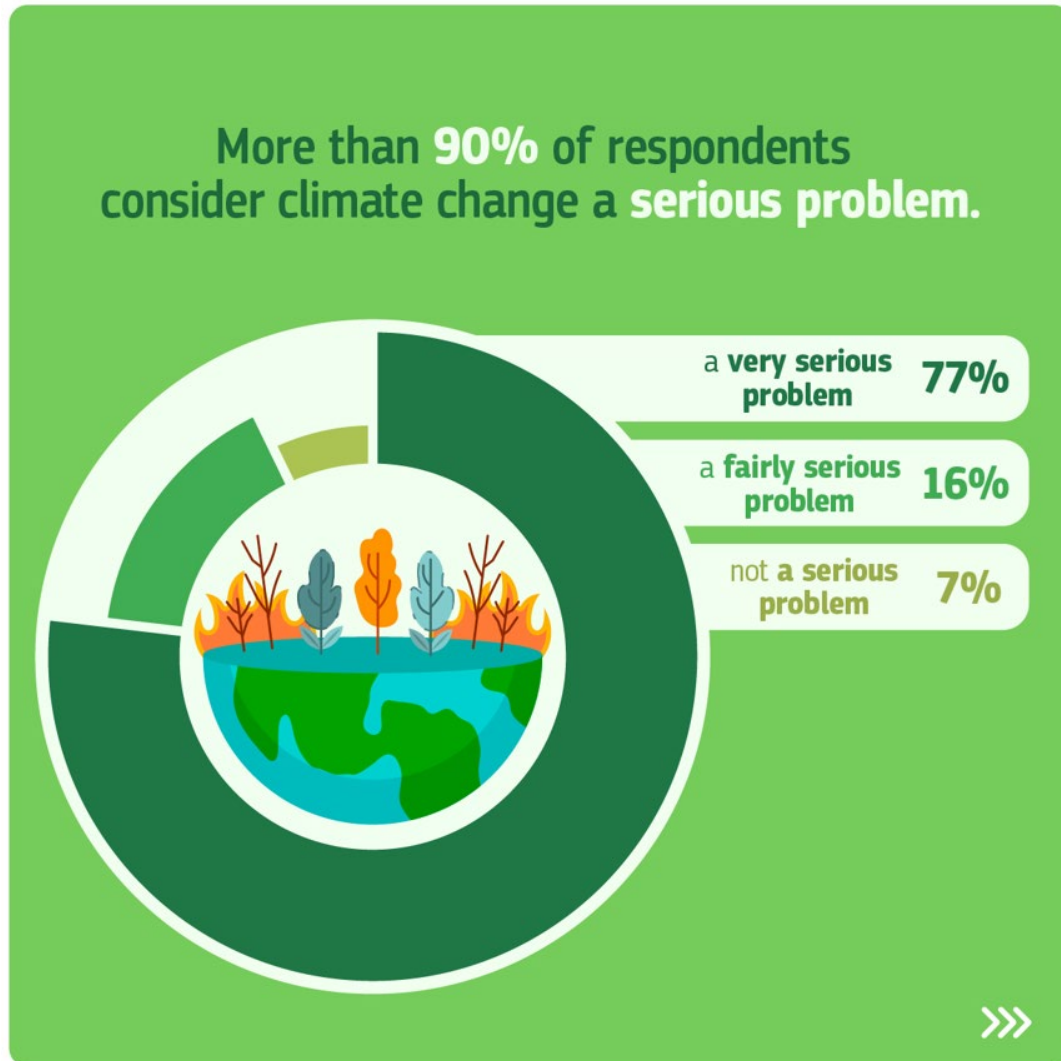

LIFE PEAT RESTORE

Coming up: First European Climate Risk Assessment (spring 2024)

# EU public opinion on climate change – Eurobarometer

- People are concerned about climate change
- Support for climate action is high
- Geopolitical and economic situation have had an effect
- On balance, Europeans want to see the green transition go faster

Thank you!
